

Cat® Extended Service Coverage (ESC)

4 EASY STEPS TO EXTEND COVERAGE ON YOUR PRECIOUS METALS KIT

Your operation depends on reliable engines. That's why you trust Cat® On-Highway Engine parts. With Extended Service Coverage (ESC), you get additional coverage that's just as durable and long-lasting. ESC for **On-Highway Precious Metals Kits** protects your investment and your peace of mind. Choosing coverage is as easy as following these four steps.

1 CHOOSE FROM A VARIETY OF COVERAGE OPTIONS

First, extend your protection beyond the original factory warranty by choosing the coverage option that's right for your situation.

COMPONENT PLUS	Coverage for a number of on-highway engine or related components is available in 24-, 36- or 48-month terms from date of purchase.
PRECIOUS METALS KIT COVERAGE	Coverage for precious metals kits is available for medium- and heavy-duty applications in 24-, 36- and 48-month terms. Program availability based on engine model or related component kit availability.
ADVANTAGE AND ACERTIFYSM ESC	Coverage is available after the end of the original factory warranty in 24- or 36-month terms. Your used on-highway engine is eligible once it passes a qualifying inspection performed by an authorized Cat dealer in accordance with the Advantage or ACERTIFY Certification Inspection Worksheet. Eligibility and coverage limitations apply based on engine model.
OVERHAUL PROTECTION FOR TRUCKS (OPT)	Coverage is available for on-highway engines in 18-, 24-, 36- or 48-month terms. Your on-highway engine is eligible once a qualifying overhaul has been completed by an authorized Cat dealer in accordance with the Overhaul Certification Worksheet.

All programs may not be available in all areas. Please check with your local authorized Cat dealers for details.

2 IDENTIFY YOUR COVERAGE NEEDS

Next, choose the ESC coverage term to fit your needs. Depending on your location, certain mileage / kilometers limits may apply.
