

# FIRST MILLION.

**Built to stand the test of time.**

It's not out of the question to reach 1 million miles with a Cat® engine. Just ask the members of our Million Miler Club—that's if you can catch them standing still. Reliable and durable engines and high-quality rebuilds will keep you on the road and on schedule, mile after mile.

# NEXT MILLION.

**Cat® engines add value for the future.**

If you take care of your Cat engine with regular service and timely rebuilds, it will take care of you when it's time for resale. It's no secret: the value of Cat engines holds strong over time.
