## All

Authorized Catdealers are responsible for completing all root cause failure analysis and determining if warranty should be applied.

Caterpillar® Limited Warranty will not participate in failures caused by unauthorized engine modifications.

Caterpillar is not responsible for the failures resulting from unauthorized repair or adjustments and unauthorized fuel-setting changes.

Caterpillar is not responsible for failures resulting from any use or installation that Caterpillar judges improper.

Caterpillar is not responsible for the failures resulting from attachments, accessory items, and parts not sold by Caterpillar.

Unauthorized modifications can affect reliability, durability, and the compliance with emissions of the engine.

**Reference:** The Special Instruction, REHS3809, "Guideline for Unauthorized Modifications to On-Highway Engines", has been released to assist dealers in identifying and documenting known or suspected unauthorized modifications.

The special instruction is available through the normal literature distribution system. The publication can also be found on the Caterpillar Service Information System (SIS).
