

20% OFF CAT GREASE

Cartridges (in case lots of ten), Pails, Kegs and Drums

Developed, tested and approved by CAT to meet the same high standards as all CAT Genuine CAT Parts. Three popular choices to choose from...

UTILITY GREASE [GOOD]

Lithium complex grease for low-load and speed applications where moisture conditions are low.

PRIME APPLICATION GREASE [BETTER]

Lithium complex grease, enhanced with 3% moly, for medium-load and speed applications in a low moisture environment.

EXTREME APPLICATION GREASE 2 [BEST]

High-quality calcium sulfonate complex formula with 5% moly for high-load and speed applications that resists washout from fresh and salt water.
