

AIR CONDITIONING TUNE-UP SPECIAL

\$1,095 GUARANTEED

PARTS AND LABOR*

Don't wait until hot weather arrives to tune up your equipment's air conditioning system! Our specially trained and equipped technician will come to your job site and conduct a complete service of your machine's air conditioning system. Includes the following:

- Evacuate freon safely from system.
- Clean freon & reinstall correct amount of charge. Add freon if needed.
- Inject dye into system to help find future leaks.
- Replace dryer filter.
- Inspect cab filters and replace as needed.
- Complete a thorough AC system operational check to ensure system is working properly.

*Price does not include travel time and mileage.
